The St. Louis College of Pharmacy recognizes the need to provide students an avenue to post and advertise events and information for their various activities. The College also takes its role as a steward of the environment seriously. This includes balancing the overall aesthetic appearance of campus with the need for student information sharing. Therefore, this policy has been developed to provide guidelines and procedures by which students, groups and organizations can post materials at various specifically designated areas in or around STLCOP Facilities. The Posting and Promotions Policy applies to the posting of printed and electronic announcements and promotions on campus including event-related information, promotions, publicity materials and fundraising collateral. The policy outlines guidelines for posting and sharing information anywhere on campus including sidewalks, bulletin boards, video boards and any other display areas.

Applies to students, student organizations, student-affiliated organizations, and the faculty/staff advisors for student groups.
